

CURRICULUM VITAE

Konstantin Pinegin

Date of birth 22.06.1994
Phone: +49 178 6142620
E-mail: pineginkv@gmail.com
GitHub: [pinegink.github.io](https://github.com/pinegink)

Skills:

- **Languages:** Java (11), C++, Golang
 - **Tools, frameworks:** Spring (Core, MVC, Boot, Cloud), Git, Maven, Tomcat
 - **DevOps:** Docker, Kubernetes
 - REST API: JSON, SOAP, XML
 - **Unit-tests:** JUnit, Mockito
 - **Database related:** SQL, PostgreSQL, JDBC, Hibernate, Spring DATA JPA
 - **OOP design principles and patterns:** SOLID, GoF, TDD (test-driven development), Microservices
-

Work experience:

- 09.2020 – p.t. java developer at Binaere-bauten GmbH
 - 04.2019 - 12.2019 - Junior Java developer at Foxminded Software
Stack of technologies: Java, Spring (BOOT, MVC, Data JPA), REST API, PostgreSQL
Others: JSON, Junit, Mockito, Tomcat, Git, Maven, UML
About the project: support of tv-broadcasting application, fixing logic and implementation of CRUD operations
 - 01.2019 - 04.2019 - Trainee at Foxminded Software
Stack of technologies: Java, Spring (BOOT, MVC, Cloud), REST API, microservices, Hibernate, PostgreSQL
Others: JSON, Junit, Mockito, Tomcat, Git, Maven, UML
 - Student assistant at Otto von Guericke University Magdeburg
 - Engineer at Research and Production Enterprise “Advent” St. Petersburg
-

Academic achievements:

- **Competitions:** 2015 & 2016 first place at a competition of student's research projects of Saint-Petersburg
 - **Scholarships:** 2014-2017 Scholarship of Russian government for students-researchers
-

Education:

- 2017 – 2021 Otto von Guericke University Magdeburg, master's degree program in electrical engineering and information technology
- 2013 – 2017 Saint Petersburg Mining University, electrical engineering, Bachelor of Science in electronics and nanoelectronics
- 2012 – 2013 Saint Petersburg Mining University, Mineral deposits search, specialist in geophysics (unfinished)
